## Covid- 19 Appointment Procedural Process Designed for Safety

- Patient arrives in parking area
- Proceed to office entrance way/ alcove and you will be met, by a staff member
- Limited entrance to office for only patient (and if desired parent) all others are not to enter the office
- Provide staff downloaded signed documents
- Onsite wellness screening will be done, including temperature check and hand sanitizing
- Patients please brush thoroughly before arrival.
- We will provide all entering the office with mask's and shoe coverings
- Pre-procedural mouth wash with Peroxyl
- Patients escorted to treatment chair separated by 6+ feet
- Patient wears mask until procedure/ mask replaced after procedure as patient is escorted for dismissal
- Patient and parent communication update and schedule future appointment
- Patient dismissed.

Please note adjustments and modifications to this current procedural process will be made over time based on best Public Health Guidelines.
